Dear Families,

The students are becoming familiar with the classroom rules and daily routines. They receive compliments on a daily basis from teachers and staff alike, who are amazed at their great behavior. I am proud of them for setting a high standard and showing others, the leadership qualities they possess. The shy is the limit as to what we can accomplish this year. We are thankful to our families and to the Community at large, who continue to support our efforts. It's great to be an Explorer!

Please see my contact information listed below.

Best Regards,

Dr. Fant

In the Classroom

On September 13th, all grades began NWEA testing. I want to thank all the students for exhibiting

excellent behavior during this event. The students were quiet and respectful, and this created a

great testing environment.

A special thank you goes out to our parents and staff for the flexibility shown during our first few

weeks of school. Your understanding and patience have been appreciated.

I am personally excited about some upcoming events: In the later part of October, kindergarten

and first grade will have a *Fall Harvest Festival* which will take place during school hours.

I am so proud of Ms. Gober and First grade for taking it upon themselves to sponsor a family with

groceries in November. A letter with details will be sent home later!

In mid-December, first grade will throw a winter event for the school.

The events will be posted on our school's Facebook page.

Ohio Chalk Drawing Event

In the past few weeks, I have found the students enjoy art and drawing.

If you are looking for free and fun things to do around town, consider visiting Easton on Saturday, October 2nd between the hours of 10 AM – 6 PM.

Easton Town Center is premiering the Ohio chalk drawing event. The event features artists designing and drawing larger scale temporary artworks on the pavement while the public watches.

This may be a fun and creative event for the family!
